Tune in this Sunday jan. 24th at www.nubreaks.com for the first edition of my new show "The
Aggression Sessions"
Show airs live
1-3pm pst
3-5pm cst
4-6pm est
and 9-11pm gmt!!!

This show is meant to help others vent some steam the way I have for the last 8 years as a Dj.
I have mainly played tear-out and nuskool breaks because they help me vent when I am about to
put a whole in the wall or when I feel like smashing someones face lol!!! Come join me every other
Sunday as I provide a healthy alternative to anger management Dj Derve style!!!

TO properly introduce the show I have gotten permission to air a mix of Bill Vega (one of my main
influences).

The mix will be from his series of mixes "The Deffinition of Breaks" and is amazing to say the least!!!
Also I will be spinning some very fresh tear-out and nuskool breaks!!
Tune in and get in the chat and say whats up. Let me know what ya think!!!
