Something for you to reply to  Posted by shattaproof - 2008/02/05 10:34
Heres a topic starter, hopefully.
Whats everyones favorite part of writing a tune? What do you consider yourself to be expecialy good at? Whats the biggest pain in your balls about it all? :monkeydance:
Speak now bishes :fu:

I could program 303 patterns all day. Making sounds is fun too.
Re: Something for you to reply to Posted by frankedukes - 2008/07/17 08:40
I gotta say I love making drums and subsstill having problems with the arrangements though.
Re: Something for you to reply to Posted by KOSTEK - 2008/07/17 08:58
making sounds is fun. writing a phat beat is a blast mixing down least fun. knowing when to say when :S hearing a finish product in club just golden

All about the bass people.....lol!

I too have a prob with when to stop though, keep making changes and this and that...
