

4 SALE: AKAI MPC2500 drum machine/sampler

Posted by Debonaire - 2008/07/21 22:53

This machine is in mint condition with original box, still factory sealed manual and sample cd. Smokeless studio kept and very well taken care of. 100% functional, no defects. Purchased early 2007.

upgraded with 80GB internal hard drive.

upgraded with EXM128 RAM expander to 128MB.

updated with latest OS.

free 2GB compact flash card.

will also include professional high quality samples in the genre of your choice.

See info directly at AKAIPRO.com: <http://www.akaipro.com/mpc2500>

or see my actual pics of it in my studio: <http://www.debonairemusic.com/gallery/studio/index.html>

\$1,300. Buyer pays shipping. Paypal only.

Hi Debonaire,

I am from Dominica (english speaking)west indies and i am interested in buying the akai for my band. We are from a poor country and we see music as a means of taking people from poverty. Is there anything you can do about reducing the price? If not i am still interested.
