DEEP GARNET RECORDS is the new quality V.I.M.RECORDS sub-label specialized on Deep-Breaks sound. "Open the door," Franks said. The door slid back. They went slowly inside. The room was small, a neat room with a round table in the center, chairs ringing it. The three of them sat down silently, and the two leadys followed after them, taking their places. "The other Council Members are on their way. They have already been notified and are coming as quickly as they can. Again I urge you to go back down." The leady surveyed the three human beings. "There is no way you can meet the conditions up here. Even we survive with some trouble, ourselves. How can you expect to do it?" The leader approached Franks. "This astonishes and perplexes us," it said. "Of course we must do what you tell us, but allow me to point out that if you remain here—" "We know," Franks said impatiently. "However, we intend to remain, at least until sunrise." "If you insist." There was silence. The leadys seemed to be conferring with each other, although the three men heard no sound. "For your own good," the leader said at last, "you must go back down. We have discussed this, and it seems to us that you are doing the wrong thing for your own good." "We are human beings," Franks said sharply. "Don't you understand? We're men, not machines."
