When it comes to creating slamming breakbeat tunes, Detach is a bad man and he certainly brings the funk with his two brand new tracks Badman Funk and Scarlet. Badman Funk is crisp, clean, and super funky with a tear-out bassline and sizzling organ stabs. With a futuristic disco vibe, this track will have the club shaking. On the B side, Detach gives us Scarlet, a progressive breaks roller. Tranced out to the max, Scarlet is tough, forward thinking, yet melodically lovely all at once. Big time breaks on this Detach package. Check it.
