Kid Wombat Jr. was a champion of the world's Luchador tournament many years earlier. Originated from Spain Kid Wombat Jr. lived in USA for many years till his true Spanish identity dissapeared totally. In his 50's his own son El Perrito aka YERA-M tried to gain his title back and he defeated all of the other Luchadores in the tournament until only Borro Negro remained. After doing some research on him they found out his true identity as a really dangerous villain from the village of Boleconte in Sicily! Yera performed some really top-class moves by combining Tech-Funk and Old-Skool styles while Rey Dynamico aka MOTIVBREAKS came in for help in order to defeat Borro Negro's gang and mafia members that came from Sicily to terrorise all contenders and attenders in the tournament!
