

Jackal And Hyde - Shatter *OUT NOW ON BANDCAMP!*

Posted by thegulfgateproject - 2020/09/29 00:38

Electro Breaks legend Jackal and Hyde joins the Toast & Jam family to bring you his new track Shatter. Aptly titled, Shatter is an audio assault of bass and breaks with that signature electro touch for which Jackal and Hyde has been setting the bar for two decades. Shatter is set to destroy every dance floor it encounters.
