

## The Incredible Melting Man - Slapper \*\*OUT NOW!\*\*

Posted by thegulfgateproject - 2020/11/05 00:49

---

The Incredible Melting Man returns to Toast & Jam with his latest breakbeat creation Slapper. Featuring heavy-duty drum sequencing, Slapper weaves in an expertly processed layered vocal to ride along with an industrial wonky bass line as the kick drum slaps you right into the future. Always a treat when Melty blesses us with breaks. We hope you enjoy Slapper as much as we do!
