Krafty Kuts - I Got The Feeling ***OUT NOW!!!*** Posted by thegulfgateproject - 2020/12/17 19:50

A producer and DJ who needs no introduction, breakbeat legend Krafty Kuts joins the Toast & Jam family for our very special 100th release with his new track I Got The Feeling. We wanted to do something extra special for all of our breaks-loving fans out there who have helped support us over the last 12 years and 100 releases and we couldn't think of any better way than to have Krafty Kuts bring it home. Huge thanks to Krafty, Jem Panufnik for the always incredible artwork, and of course all of our friends, family, and fans for your support over the years. We love our breaks community and are looking forward to bringing you the next 100 releases!
