

F-Word Feat. Julia Marks - Last Party *OUT NOW!*

Posted by thegulfgateproject - 2021/08/28 18:34

F-Word produces the beats and Julia Marks lends the vocals to the new 2 Step jam Last Party. It's an old school vibe on this one with some classic-sounding synth work, a punchy sine wave bass line, and a vocal journey harkening back to the days of warehouse raves.
