Posted by thegulfgateproject - 2021/10/24 18:18

Bristol producer Mr. Big Mouth unleashes two new tracks on Toast & Jam. First up is What The Funk, a chunky slice of glitch hop goodness complete with horn stabs, funk guitar licks, and Mr. Big Mouth's signature bass line craftsmanship. Next, On Point features a vocal lead and shimmering synth work with a beat that will keep heads bobbing on the dance floor.
