

Alt-A - Level The Funk ***OUT NOW ON BANDCAMP!!!**

Posted by thegulfgateproject - 2021/11/09 00:14

Alt-A checks in with his latest breakbeat creation Level The Funk. Driven by an ultra-gnarly harmonically stacked sawtooth bass line, Level The Funk comes correct with a soulful female vocal loop, sparkling arpeggiated synth work, and some classic sirens for some good old breaks-in-your-face fun. This jam is ready to roll out on a dance floor near you.
