

TMPLT - Next Round ***OUT NOW ON BANDCAMP!!!***

Posted by thegulfgateproject - 2021/12/23 01:21

Berlin-based producer TMPLT unleashes Next Round, a six track journey into industrial beats and breaks. With a heavy emphasis on sound design and synthesis, Next Round pushes the boundaries of commercial break beats into a space that few producers are willing to traverse these days. Next Round harkens back to the days of Aphex Twin and Goldie from the late 90's electronica era and we are excited to unleash this collection of tracks to all breakbeat and jungle enthusiasts worldwide.
