

RØX - Your Love ***OUT NOW ON BANDCAMP!!!***

Posted by toastandjamrecordings - 2022/12/07 03:38

We've got some fresh new breaks for you from RØX with his new track Your Love. Featuring a head-bobbing sine wave bassline and pitched-down vocal sample, Your Love brings a UK Garage vibe as an array of shimmering synths dance in and out of the mix. A side-chained chorus pad keeps the groove pumping in the background as Your Love sends the listener on a mysterious yet euphoric sonic journey.
