

Rasco - Close Your Eyes **OUT NOW ON BANDCAMP!!**

Posted by toastandjamrecordings - 2023/01/24 03:10

We are stoked to have Rasco stopping by to drop his newest tune Close Your Eyes on Toast & Jam. Close Your Eyes features one of the funkiest basslines we've heard in a while as Rasco teases it out in the first half as a chuggy syncopated rhythm only to release it in its full fury after the second drop. The drum sequencing and sonics are top shelf as always... just Rasco doing Rasco breakbeat things! We can't wait to hear this one out on dancefloors worldwide.
