

Kid Panel - With My Gang **OUT NOW ON BANDCAMP!!**

Posted by toastandjamrecordings - 2023/05/16 00:02

Kid Panel once again brings the heat with his latest offering With My Gang. A fresh hip-hop vocal greets us in the intro accompanied by a filtered arpeggiated synth. At the drop, Kid Panel's gnarly sawtooth bass line leads the charge as sirens and funky percussion elements ramp up the dance floor energy. A true production technician, Kid Panel is firing on all cylinders with this jam.
