

Tone Abstract - I'm Flowin' *OUT NOW ON BANDCAMP!*

Posted by toastandjamrecordings - 2023/05/23 04:38

Tone Abstract returns to Toast & Jam and unloads a funky, gritty breakbeat jam entitled I'm Flowin'. The bass line is comprised of a kick with a heap of sub-bass underneath, giving the feel of an 808 kick drum. There are plenty of vocal elements along the way, including pitched down hip-hop verses, female chorus loops, and the occasional dash of other vocal snippets. The percussion is syncopated and helps tie this jam together and keep things rolling along nicely.
