Posted by toastandjamrecordings - 2023/09/20 02:27

It's time for some funky house vibes with a brand new offering from SuperStyle Deluxe entitled Never Done Disco. Fusing elements of disco and electro, Never Done Disco features a bass line and synth stack that bounce along while a disco loop is integrated into the mix to give it a retro feel. Toss in a dash of crowd cheers and you've got the makings of a dance floor funk bomb!
