

Kodek - Pegaziks ***OUT NOW ON BANDCAMP!!!***

Posted by toastandjamrecordings - 2023/09/20 02:31

Kodek is bringing us some breezy summer vibes with his new track Pegaziks. Uplifting chord progressions are the order of the day as syncopated organ stabs meet sweeping gated synths in this funky laid-back jam. A robot vox effect chatters throughout as crisp clean drums help weave a gorgeous tapestry for your summer sets.
