Majestic Noise - Chase **OUT NOW ON BANDCAMP!!!** Posted by toastandjamrecordings - 2023/09/27 05:03

Delivering tunes at an exceptionally high level as of late, Majestic Noise is back on Toast & Jam with his new breaks anthem Chase. A male vocal lead serves as the centerpiece as a crunchy growling bass line delivers the low-end frequencies. A twinkling arpeggiated high synth rounds out the sonic field with the help of some hype man vocal edits and effects.
