

Alex Clubbers & The Beatkillers - Destroy OUT NOW!

Posted by toastandjamrecordings - 2023/10/23 23:40

Alex Clubbers has joined forces with The Beatkillers to bring us the new track Destroy and the result is a lush and silky-smooth jam with a bit of a mean streak. Electric guitar licks and a swirling sawtooth synth provide the grit alongside a lovely piano melody to balance out the harmonic field. Destroy weaves a cinematic tapestry for your listening pleasure.
