Furioso is a new German digital label for bass heavy electronic music including breakstep, nuskool breaks, dubstep, 2step, garage and bassline house by artists from around the world. The first release contains two tracks by Berlin based T.R.O. (Dangerous Drums / Maschinen Musik).

(mastered at Transition Studios)

T.R.O. - Like This

### PREVIEW

"Like This" brings you a simple, but effective off-beat bassline that makes you jump together with rolling beats, orchestral hardcore stabs, bleeps, and gimmicks. Expect pure breakstep madness in the grimey middle-part.

J.Woot (noiseporn.com): "This tune is absolutely SLAMMIN!" [READ FULL REVIEW](#)

T.R.O. - Super Chrome Class

### PREVIEW

A bleepy melody over dangerous strings gets you in the right mood for the first drop of "Super Chrome Class", when a heavy bassline is combined with crazy swirling beats. Is it breaks? Mudstep? Weed garage? By the second drop at the latest you won't care.

J.Woot (noiseporn.com): "This tune is the darker side and will be a smash with the heavier breaks djs along with anyone who likes their tunes to have some edge!" [READ FULL REVIEW](#)
