The Body Snatchers ft Goldmouf

I like What I See & Club Beat Internationale Joker & HiJack & ID

Passenger

Cat. PASA047

Three of the biggest names in their scenes remix one of the most popular Body Snatchers tracks off their recent 'Feeling Good, Looking Nice, Smelling Right' album.

Massive Dubstep producer Joker comes with an extremely heavy cut. The bassline is massive and the lead synths are tearing.

HiJack live up to their current well deserved hype by twisting the original into a pure club groove.

Step up The Beatmonkeys to top it all off and you have one hell of a package.

Hold up!!! Did I mention the additional Club Beat Internationale track???????

Let Rennie Pilgrim tell you a bit from his 10 out of 10 IDJ mag review:

'...F\*\*\* off attitude! You will either love it or hate it..Sensational'.
