available on wax next week

Maelstrom joins Expressillon for a personal introspective journey across his influences, sheds of the first free parties left up to the break / electro of the European clubs he plays in today, confronting them with his current techniques of production.

Cool stuff. You're definitely mixing up the styles and formulas here. Pick is il traffico for me. Techno beast

GROOVE ALLEGIANCE (Splank! / Uk)

the usual top quality

LEEROY THORNHILL (Electric Tastebud / Uk)

high quality as usual!! Prototype is the one for me, acid tech massiveness!!

FUNKASAURUS (Labrok / PartyStyle / lbreaks / IR)

good stuff man, il traffico and Prototyped are sounding good on a first listen, sound get a play on new year, thanks!

HEXADECIMAL (Spectrum / Uk)

Thanks for this some crazy musical ideas really interesting package very enjoyable all round.

Absolutely loving Prototyped ! very much the Robosapiens thing and will be getting loads of plays by me 10/10

also really digging Il Traffico very different but quality ! big pounding club track will also be rinsing this track

ROBOSAPIENS (Deadfamous / Uk)
