T.R.O. - Try (Original)

PREVIEW

This tune has all you need for complete rinse out: A catchy piano hookline, cheerful vocals, speed garage bassline action and a donk on it! Big party music with a little wink. So form your hand like a gun and say: Brap!

T.R.O. - Try (Sharps remix)

PREVIEW

Remix comes from Canadian producer Sharps (Saedos Records), who brought you massive tunes like "Night Work" and "Turbo". He turns the original into a grimey wobble monster with classy synths and ever-changing beats.
