This is the 2nd release from the J*O*K*R/Dusted Breaks love affair!!

Dusted Breaks bring you the 2nd ever release from J*O*K*R and our fourth, and im sure you will not be dissappointed!

DR.OETKER: This one has all the trademark J*O*K*R chunkyness and squeaky/Bleeps of Salad Shaker, but it has a fat stomping energetic groove and a vicious b-line to die for!!

REKTCHORDZ REMIX: Cornish dweller and Tech-Funk phenomonen Rektchordz takes us on a curb crawl of bass bubbling with a nasty tribal funk up of massive proportions! It sets up a pumping hypnotic groove with just the right amount of Electro madness thrown in!

QUADRAT BEAT REMIX: This is 100% main room Breaks bruiser with some seriously PHAT beats and bassline that will make you feel unclean! This tune really packs a punch and these brothers from Latvia are on top form of late and are not to be missed!

This package has seen some really big support from some really big names and here are just a few of the comments from some choice DJ/Producers who are feelin this release right now..

"Rektchordz has the tech-funk 'ting on lockdown right now. Deep & groovy shizzle" - ELITE FORCE (U&A, LOT49)

"I like the Rektchordz mix, It's kinda groovy!" – LEE COOMBS (LOT49)

"Really feelin the Quadrat beat on this one, nice all round release though good work" – Rob Savage – GROOVE DIGGERZ (Breakin Even)
