Kick It Recordings Presents

Farace - Progressions EP

Kick It Recordings is very proud to bring you this EP from Farace including two brand new huge progressive breaks tracks with a wonderful chill out version of each included as well. 'This Aint A House Party' is a big hard edged progressive track including original guitars and progressive house style synths blended into a huge breakbeat that will easily drive the dance-floor at all hours of the night. 'After The Storm' is more on the relaxed side with the steady pushing drums and still holding the progressive house style synths throughout. Featured on both Beatport and Track It Down breaks this release has been gaining steady momentum for some big summer time breaks! Check out the links below for previews!

TID Write up - "Featured Track:

Really feeling this new track from Farace, well we are feeling both sides to be fair but this side just pips it for us! A great combination of modern day breaks with synth work that wouldn't sound out of place in a progressive house track! A feel-good summery release, we love this!"
