

Dustin Hulton - Welcome To My Dancefloor

Posted by Synergy - 2012/05/09 19:16

Little edit I did in Ableton. Learning so this is the first step. IDK if anyone has heard the original but I didn't like the placement of the dubstep in there and I also wanted more vocals lol. So...I did a little edit.

More to come perhaps?

Dustin Hulton - Welcome To My Dancefloor Edit
