LIVOT	יווט	trool
- $11 < 1$		track
		uaon

Posted by dj clone - 2008/02/10 12:20

Here is my very first track. I bought Reason 3.0 about a year ago. Don't work on it often..Have tons of ideas but have just stuck to this trsck and want to finish someday. This is what i have come up with. Don't know how to us the samplers yet and half of the features on it..very rough and simple! Would like to hear some feed back, GOOD or BAD?
