The Sonic City Sessions in conjunction with <http://www.bassbeatsandbleeps.wordpress.com/>

Brings a very special recording of the Dirty Habit Breakspoll after party 2006 decks and FX set (Strictly the M'F'ing Core),

Dirty Habit stormed onto the breaks scene with releases on Liability and MOFO in 2004/2005, and can probably lay claim to one of the finest breaks tunes of the era in "Strictly the Core"

With undoubtedly one the most accomplished DJ's on the scene in Dave "Breakfish" Tointon (the man behind the legendary London Breaks night "Breakfish") along with his partner in crime Stuart Francis, they deliver a high energy, bass driven, dance floor filling set, involving turntables, samplers, acapellas and big fat breaks.

For those a long time into breaks or those just getting into 'em, this is a quality show piece well worth tuning in for.

Saturday 19/02/2011 <http://www.nsbradio.co.uk/> 3pm till 5pm

The set will be downloadable in its full quality and glory at

<http://www.bassbeatsandbleeps.wordpress.com/> straight after the show.
