Acid breakbeat sessions from mid/end of the 90's dedicated to the great Disco Pub "Chaplin" in Puente Genil (Córdoba), to my brother ManuEvil DJ for initiating me in disc joking in those days. To my pals Juan, Tono and Peluo (now Agustin Z) as well as to all the friends I met in that wonderful town, among themselves "El pipo" and "El bolilla", may they rest in peace.
