i think it's me
Posted by luv2dububaby - 2008/01/14 10:14

_____

but fukkin i dunno.

my chat is broken.
it could just be my comp, i dunno.

chat loads, but my text bar is gone. errrrr it's there, kinda-ish, but i can't type. i can set away and back messages. but it's like...where the text bar should be, is empty space, i can't even right click it er anyfin. help me NOW

thanks ;)
