S.P.Y has firmly established himself as one of the most exciting producers and DJs in drum & bass, earning support across the scene with consistent releases on top labels such as Hospital, Ram, Soul:r, Metalheadz, Shogun, Innerground and many more. In demand as a DJ, producer, collaborator (with the likes of Marcus Intalex, Marky, and Total Science) and remixer (Goldie, Deadmau5, Claude van Stroke and Zinc feat Miss Dynamite). S.P.Y has further stepped up the pace in 2012 by signing exclusively to Drum and Bass label giant Hospital Records who are working closely with this talented artist as his profile continues to shoot skyward.

With the likes of Mark Ronson, Lupe Fiasco, Trevor Nelson and Chris Moyles unable to get enough of the original ninja - Mr Jaguar Skills - the rise (and rise) of this ground-breaking artist has been well documented. Honing his craft and love of music for the last 15 years Jag has remained true to his school and kept a mysterious edge to his character; with details of his real name, age and home town etc left largely unconfirmed...

Using his Japanese contacts, Jaguar Skills first gained recognition by producing a mixtape CD for fashion label Maharishi. The 60 minute CD was created, looped, produced and cut entirely on 2 mini walkmen. It was the first of its kind and received top reviews in key publications. The next few years saw Jag build his DJ profile, playing at various places across London including 'Dream Bags Jaguar Shoes' in an arty east London bar; an uber-cool soiree that played everything from Hip-Hop, to Rock, Ragga to Disco. Here he pushed his signature sound of lightning speed mixing to fans on a regular basis.
