

## 29/1 LDN Trouble Vision / JackBeats Untold Instra:

Posted by SolidGold - 2010/01/04 09:15

---

Trouble Vision returns for the first time in 2010 with yet another genre bashing extravaganza.

Jack Beats tops the bill alongside UK garage legend MJ Cole. Further support comes from Totally Enormous Extinct Dinosaurs (live) & a rare DJ set from Micachu.

Room 2 goes deep with dubstep, techno and future garage from Instra:mental, Untold, Shortstuff, Pariah and more.
