Sneaky Kreeps 'Radio Edit' show will be bringing you new and exclusive tracks from well known and up and coming breaks artists and labels. The show will focus around the dark, funky, techy side of breaks with a dash of electro house and the odd classic breaks track thrown in for good measure. Also watch out for guest mixes and the chance to get hold of Edit promos & exclusives!!!

Sneaky Kreeps AKA Jake Halls is a Bristol based breaks producer/ DJ. Like the tracks Jake produces the tunes he plays are dark, funky & techy. Jake first got into breaks about 6 years ago when he did a work experience placement at Finger Lickin Records and has been hooked ever since. Along with producing & DJing breaks Jake also set up the breaks label Edit Records in 2006. Since the label started Edit has had a good stream of releases and is becoming one of the key new labels in the breaks scene.
