

## MrSteve's PBR Sessions

Posted by MrSteve - 2010/12/15 18:48

---

Ok all after many years of not recording any shows and just pure laziness I have finally decided to post one. Hope you all enjoy as always not my best mixing but hell it is something to listen too. mind you also that I am still midi mixer less and had to do the old school keyboard and mouse routine with no cue. :)
