Hey,

The Bass Slave. Brings you upfront breaks and Drum and Bass every Thursday evening!
I will be playing the best psybreaksnu skool breaks and everything else in between for the first half, then switching it up a gear for my take on techy, bass heavy drum and bass beats for all the disturbed bass anoraks out there.

Be sure to tune in 4-6 EST and 9-11 UK time.

Achives will be uploaded as soon as I get a chance
