Tune in to The Trainstation for a very special mix set by the fantastic producer/dj GUAU!!!! He has been melting faces for years, starting out on fire with Cut n Run and then exploding on Elektroshok Records... Guau has come to be one of the rowdiest and most sought-after producers on the Spanish and Worldwide breakbeat scenes. Lock it in at 2PM Central time for a little WinoWarrior action and stick around for a treat! Raul Guau has been super kind to us and has provided all you badass Nubreakers a special mix that I will air during my show this Saturday. Bangin' Spanish beats fo' dat ass yo! This one is gonna be slammin' BOOM!!!
