

## INFERNO SESSIONS HOTLIST TRACKS - VOTE NOW!!!

Posted by sk2 - 2009/02/01 09:00

---

As you may or may not be aware, at the end of every year on the Inferno Sessions show, we do a couple of feature shows called the "Hotlists" featuring a round up of all the hottest tracks to have featured on the show from that year. These are spread out over two shows, one being the Breaks Hotlist & the 2nd being the Drum n' Bass Hotlist.

Since starting this in 2007, the tracks that feature on these shows have been chosen by myself... until now!!

For 2009, the format has changed and we now want your input in the creation of the hotlist. So every month I will be listing all the tracks that have been played on the show from that month, right here in this section of the forum & you get to choose & vote for your favourite 3 tracks of the month. At the end of the year the 25 tunes with the most votes will make up the hotlist!!

To vote, simply pick your 3 tracks & email your vote to our brand new email address at [infernosections@aol.com](mailto:infernosections@aol.com)

SO GET VOTING PEOPLE & LET YOUR VOICES BE HEARD!!

P.S. If you wanna check out any of these tracks & you missed any of the shows, there are links to download them here: [INFERNO SESSIONS ARCHIVE](#)
