

## A-TRAK on NABS' Hit the bricks TONIGHT! 7pm GMT

Posted by Nabs - 2009/03/18 10:34

---

Just a quick mention that A-TRAK has given us a sneak preview of his up and coming FabricLive CD (to be released 13th April).

On tonight's show, you hear snippets from the album itself, weeks before general release.

Thats on top of a show packed with upfront breaks, electro and tech-house as well as classics corner.

Peace

=====
