Reigning from New York, DJ Matty P grew up in the 90's NYC club scene. Being exposed to the plethora of EDM genres during that time has molded his variety of EDM flavors today. House, Breaks and Techno are his common weapons of choice but this is not to say you will not catch some Trance and DnB in his arsenal if the battle field calls for it. Having held residencies such as DJ Jon Anthony's: Square One and Liberty Bar's The Get Down and having played at Transit, The Skool House, Solo, Buzz Bar, Maloney's and Shorty's (just to name a few) Matty P has spread his sound all across the North East US.

Since recently moving to South Texas Matt has recently landed a residency in Houston with the Revolve crew at Numbers night club and has an upcoming gig at the Texas Electronic Music Festival in New Braunfels, TX. (<http://www.tribaelements.net>) You can also catch DJ Matty P on his weekly radio show with <http://massivegroove.com> every Tuesday from 7PM-9PM CST.
