Still getting the new studio dialed-in this week, should have everything up and running by next Friday.

Big Up'z & MUCH, MUCH RESPEKT to adam12 for hosting our show the past two (2) weeks! But now that I'm all moved into my new place and sh1t, I need to take a night off to get all this crap patched back together.

Thankz for the love & looking forward to ReFreshin' your weekend from the new studio next Friday!
