SYSTEM 2

Charlie McConville is a quality Psy Tech-Funk British producer based in London, UK. With a great djing experience Charlie managed to create a top quality darkish and rollin Breaks sound with superb production qualities and great Psychedelic touches. His first release was a remix for HOME ALONE's "PEACE AND DISORDER/VISITORS" single (V.I.M.BREAKS061) back in July of 2010 and since then SYSTEM 2 never looked back. Released some top stuff for V.I.M.BREAKS, a superb collaboration track and a single with STEVE MACCABE for V.I.M.BREAKS and DIABLO LOCO RECORDS while his last single "INTERCONNECTED" is causing a lot of stir in the scene with it's rather excellent darkish Psy floating. Watch out for more by him in the near future.
