V.I.M.BREAKS ARTISTS PROMO: SHOCKILLAZ

SHOCKILLAZ

Evgeny and Konstantin are the Latvian breaks producers behind the SHOCKILLAZ project. They've first appeared in the scene with a killer 2track single (TEAR OFF EARS/BLOCK 7) for Russian label SUBTRIBE RECORDS back in 2009. After a long period of silence they've done a remix for DIGITAL SENSATION UK in the beginning of 2010 and disappeared for almost 2 years! In May of 2012 they've released their first single for quality Latvian label EXPAND RECORDS (one of the best Breaks labels owned by UNDER THIS) called "WHEN I PLAY" and since then they're regular members of the label with another one single ("KEEP ON ROCKIN/GROOVE ME") and a killer remix for QUADRAT BEAT's "BLACKJACK/HOLLYWOOD" single. Watch out for their forthcoming V.I.M.BREAKS SPECIAL EDITION SINGLE called "BUTTERFLY", some awesome remixes for our label and more works for EXPAND RECORDS!
