BLADE

Gergo Findt aka BLADE is a quality breaks producer/dj from Hungary. His first release was back in February of 2012 for IRE's-BOOMBLAST single (V.I.M.BREAKS091) followed by another remix for SPYKE's-BREAKZ ARMY single (V.I.M.BREAKS103) in May of the same year. Both remixes caused a lot of buzz in the scene and BLADE released another killer Electro-Breaks remix for JACK KITTY RECORDS. January of 2013 he had released his first proper single for V.I.M.BREAKS, the two tracker "ALONE/COLD WINDS" which gained strong support and chart success giving an extra push forward in his career. June of this year BLADE returned to the releases with another quality two-tracks single for Spanish label MUSIC DARK RECORDS (entitled BRIGHT NIGHTS EP). With new singles signed for SOUND BREAK RECORDS and RKDEEPLove RECORDS seems like this year will be a really good and productive one for the rising producer!
