V.I.M.BREAKS ARTISTS PROMO: METHA

METHA

METHA is a prolific dj and fast rising Tech-Funk/Breaks/Tech producer based in Budapest, Hungary. He started as a dj backed in 2002 gaining a lot of experience through parties and events while in 2005 he had started the BE MASSIVE breakbeat parties and in 2010 he had started the NO DISCO parties. Till today METHA is an awesome and well experienced dj/promoter organising some of the hottest events in Hungary. On the production side of things his first release was back in October of 2010 for the Slovakian label BREAKS SK RECORDS. "DARK SMILE" gained strong support by big names of the Tech-Funk scene and chart success on BEATPORT Breaks charts while in the beginning of 2011 Metha's remix for DIABLO LOCO RECORDS placed in the top20 of BEATPORT BREAKS TOP100! Since then he managed to release more quality stuff for BREAKS SK, MUSTBEAT RECORDS, LOT49 RECORDS (as one of the MEAT KATIE's remix competition winners) and lately his killer single "RISE" for V.I.M.BREAKS. Watch out for more by him soon!
