SOULFUL SYSTEM

Christian Von Schlieffen aka SOULFUL SYSTEM is a rising Breaks producer/dj hailing from Munich, Germany. Christian is working also as a graphic designer and he was always a big fan of Breakbeat music. After almost 10 years of djing he decided that was the time to start writing and producing his own music. He had managed to create a really stong sound with deep Progressive and Electro influences, quite darkish and "dirty", which caused a lot of stir in the scene, with the result of signing contracts with V.I.M.BREAKS and RKDEEP LOVE RECORDS. Watch out for his forthcoming V.I.M.BREAKS single "SEPTEMBER DAZE/THE RIDER" (due to be released early 2014) and some quality stuff for RKDEEPOVE RECORDS.
