Javier Espino Rueja aka Z4THOICHI is one of the most important Psy-Breaks producers of the modern Breaks scene. With a fast growing reputation and a lot of killer releases the Spanish producer is a name to watch. Being a bass player and percussionist he has always been interested in various styles of music while back in 1998 he has formed a punk-rock band called PAPER PLANE. In 2004 he discovered Psychedelic Trance, being a huge fan of the sound and in 2005 together with the Psytrance collective PSYLOCIBE in Seville started to organise and participate in many parties all over Spain. Since 2010 he become fully involved with music producing Psy-Breaks and Psychedelic Tech-Funk stuff while his first release show the light of the day in December of 2012 and it was the killer single "OVERMASTER" for IN BLOOM RECORDINGS. Since then Z4THOICHI released several singles and remixes for labels like V.I.M.BREAKS (check out his original tracks and his killer remixes for our label), MUSIC DARK RECORDS, SOUND BREAKS RECORDS, EGO SHOT RECORDINGS, DIRTY DROP RECORDS, KINDCRIME RECORDINGS and more.
