SLUGWARE

Radoslav Ivanov aka SLUGWARE is one of the “fresh blood” artists of V.I.M.BREAKS. Hailing from Ihtiman, Bulgaria, SLUGWARE is a killer producer having a wide range of influences in his productions which cover Hip-Hop, Electronica, Funk but mainly Breaks. His first single was released back in November of 2013 for EGO SHOT RECORDINGS and it was a killer 2-tracker with awesome darkish Funky touches (ESHOT037 “DURBAN POISON/MAYHEM”). Watch out for his forthcoming V.I.M.BREAKS single entitled “PUMP IT UP” and a killer remix for TEE EX's single both to be released during April and watch out for his participation in the special V.I.M.BREAKS 250 release! A Breaks producer from the darkish n' funky forest!
