

Mark Holbrook aka ALT-A is one of the hottest producers of the modern Breaks scene. The British producer managed to build a really strong profile in the scene with exceptional releases for many labels like SPEKTRA RECORDINGS, BEAT BY BRAIN RECORDS, YEAH MAN RECORDS, RAVESTA RECORDS, BOOTY TRAX RECORDS, FANTOMAS RECORDS and more. This is his third single for V.I.M.BREAKS and like "FASTER THAN LIGHT EP" and the SPECIAL EDITION SINGLE "WINDS OF

REDEMPTION/NEVER MEANT TO BE" you can expect nothing more than top quality Breaks tracks with awesome dancefloor feeling, wicked basslines and superb melodies!! The difference from his other releases comes with the extend and superb use of some Proggy influences that are giving to these four tracks a powerful, energetic, melodic and Spaced-out blend at the same time!
